**The Religion and Spirituality Division of the AAMR (American Association on Mental Retardation)
Mission Statement**

The Religion and Spirituality Division of the American Association on Mental Retardation is an interfaith, interdisciplinary association of people who journey with persons with developmental disabilities and with their families.

Mission: Our mission is to share resources that foster opportunities for spiritual growth for persons with developmental disabilities while respecting their religious identity.

Goals:

1. To foster inclusion of persons with developmental disabilities and the sharing of their gifts and graces in the total life of the congregation and community.
2. To provide a forum for dialogue to creatively foster religious education programs that are life-long and age appropriate.
3. To work cooperatively with all divisions of AAMR to enhance the spiritual supports available to persons with developmental disabilities and to their families.
